

Item description

**Product Description**

DC-036 adopts personality innovation design, the distribution of the gravity rotating seats, release the leg nerve, reduce the pressure buffer chair cushion on the thighs, promote blood circulation

**Chair surface Material**

,Microfiber leather, build -in high rebound sponge plastic plate

**Cushion size**

400mm \*445

**Backrest size**

290mm\* 360

**Armrest Material**

Super fibrous skin

**Size**

70mm \*95 \*450

**Steam lever**

Adjustment range

120-180mm

**Chair foot Material**

Zinc alloy die casting Surface treatment

Polishing

**Diameter**

560mm

**Load capacity**

550kg

**Wheel Material**

High quality imported mute Wheel
